## POST OFFICE.

It is reported that on Monday last snow fell in Springerville to a depth of five inches.

## LOCAL NEWS.

B. M. Terrill, proprietor of the "Holbrook Livery and Feed Stable," left for his home last Sunday.

F. A. Breed, who has been in the city for the past ten days, in attendance at court, left for his home at Holbrook on Tuesday.

C. C. Cooley, of Snow Low, came in from his ranch Monday evening. Mr. Cooley is identified as being one of the oldest settlers in Arizona.

A. J. Cuello was sentenced, after pleading guilty to the crime of horse stealing, to serve two years and a half in the Yuma penitentiary. Serafino Mora, implicated with Cuello in the horse stealing business, received gracefully the mild sentence of two years in the same public institution.

In the case of Tewksbury, charged with robbery of the Co-Op store at Woodruff, tried on Monday last, the prosecution failed to make a case against the defendant. Judge Rush's argument in defense of his client was marked with more than ordinary force, completely destroying every scientific of suspicion or evidence of the criminality of Mr. Tewksbury, in connection with the outrage complained of. The jury were out but a few minutes, on the case, when they returned with a verdict of "not guilty."

## Death of Santiago L. Hubbell.

Death has stricken from the roll of the living among us and transferred to the shining host of immortals that have been freed from the cares and labors of earth since the world began—our friend Santiago L. Hubbell, of New Mexico. Full of years honorably spent in acts of benevolence towards his fellow man, as the head of a family, a kind and devoted husband and father, with unceasing care and culture of his children, who were to him the pride, glory and hope of his life. Farwell, old friend; may the peace which passeth all understanding be with you for ever more in the spirit land. We transfer to our columns from the Albuquerque Democrat the following details of Mr. Hubbell's life in New Mexico:

"All the old timers of New Mexico and many of the new timers, will regret to learn that Don Santiago L. Hubbell, one of the very first Americans to make this territory his home, is dead. He was stricken with paralysis about 11 o'clock this forenoon at his residence at Pajarito, seven miles south of this city, and three hours later he was dead. His wife and daughter were absent at Bernalillo at the time and only the servants were present to witness the dying agonies of the white haired veteran. Santiago Hubbell was one of the unique characters of the far west. He belonged to a class now nearly all gone—men with whom we associate, all the romance and glory and western warfare of forty years ago—and it was a rare treat to talk to him about those stirring days. He was of New England birth, but lived a long while in Mississippi and Missouri before coming to the far west. He was with Fremont, the pathfinder, when he made his first trip into New Mexico, and after the Mexican war the first collector of customs at El Paso, at that time only a cattle ranch, with one of two little mud huts. After New Mexico became a territory of the United States he was made sheriff of Valencia county, and filled the office with credit to himself and profit to the people.

Many years ago he married a Mexican lady who has made him an excellent wife and has borne him several children, one of whom, Lorenzo Hubbell, is now sheriff of Apache county, Arizona. Don Santiago was in this city yesterday afternoon, and those who met the genial old gentleman then, will be greatly shocked to learn of his sudden death. Dr. Thomas, of Bernalillo, is his son-in-law, and Mrs. Hubbell was visiting at his house at the time of her husband's death. Don Santiago owned a very valuable ranch at Pajarito where he has resided for many years, and he will not only be mourned by his bereaved wife and children, but by every resident of New Mexico that

feels an interest in those rugged and fast falling veterans who, before the majority of us were born, helped by their courage and patriotism, to plant civilization in these western wilds and give it enduring life."

The remains were buried with masonic honors at Pajarito, on Friday Feb. 6th.

## REPORT OF THE GRAND JURY.

**TERRITORY OF ARIZONA, APACHE COUNTY, THIRD JUDICIAL DISTRICT—DISTRICT COURT, FEBRUARY TERM, 1888.**

On the morning of February 2nd, 1888, jury called for the said term of the District Court held in St. Johns, in said county, were only empaneled and sworn, there being twenty-two jurors present; after hearing the instructions of his honor Judge Sumner Howard, and his appointing Sol Barth foreman of the jury the Grand Jury retired for consultation.

Mr. Robert E. Morrison was elected clerk of the Grand Jury and Mr. Joseph Hinsley interpreter. A committee of the Grand Jury on the Board of Supervisors report as follows: We, the said Committee have examined as close as possible into the condition of affairs in the said Board as we could during the time, and we report that after the investigation we have learned all the stub-books and bills have been burned and destroyed; that no record of the proceedings of the Board previous to April 3rd, 1885, can be found; that in the minute book kept since said time we find that the record of money allowances do not appear as is required by law, that no record has been kept of whole meetings of said Board.

We would suggest that the Board of Supervisors direct the clerk of said Board to keep a correct and accurate account of all proceedings of said Board and to keep safely all stub-books and all bills which are presented to said Board and allowed.

We would further suggest that in view of the fact that malfeasance appears to have been committed by the clerk of the Board of Supervisors, and Luther Martin, chairman, in not keeping proper records in the proceedings of the Board of Supervisors, that we would recommend that the District Attorney shall thoroughly investigate this matter and if he so deem it best, bring suit upon the official bonds of said officers for a failure to perform their duties as public officers.

We would recommend that in future the members of the Board of Supervisors see more carefully to the records of the minutes of the meetings and the record of allowances against the county.

We would say that all the Supervisors of the Board of Supervisors of the last two years should be censured for the negligent way in which the affairs of the Board are in.

JAMES RICHIE, Chairman.

THE COMMITTEE ON THE COUNTY TREASURER'S OFFICE.

We, the members of said Committee would respectfully report that we have made a thorough examination of said office as we could in the short time at our disposal. We find that since the organization of the county no books of accounts have been kept by the Treasurer until about one year ago. We find it utterly impossible for the indebtedness of the county to be discovered by these books or how much money the county has on hand. We have discovered that any number of warrants appear upon the Treasurer's books for which no authority can be found in the minutes of the Board of Supervisors.

Among other things we have discovered, that during one year \$1,600 had been paid on interest on the jail bonds. We would recommend that the District Attorney enquire into this thoroughly and if possible recover \$800 dollars, which we think should not have been paid.

In the short time at our disposal we have found it impossible to give a proper examination into the financial affairs of the county, and we would recommend that the Board of Supervisors employ a competent expert for the purpose of making a complete and thorough examination into the financial condition of the county; assist the different officers in straightening books of accounts and make a report to the said Board of Supervisors, showing the actual indebtedness of the county and the amount of money in the hands of the Treasurer.

We would further recommend that the Treasurer should inspect carefully every warrant which comes into his hands for payment, and if he discovers that any warrants have been issued for which there is no authority or no allowances appears to have been made by the Board of Supervisors, then he shall refuse to pay the same.

We have had before us, Mr. Bunch, the present clerk of the Board, and he states that he has devoted about three weeks to the examination of county affairs and he has been unable to find out what condition the county is in, and we must state that we report the same.

We would further report that we have discovered terrible extravagance by the Board of Supervisors in the auditing of bills presented against the county. For instance, evidence before us shows that for certain printing, 750 dollars was allowed by the Board; that the same printing could have been done for the sum of 150 dollars, as offered by the Albuquerque Journal. We would request that the Board of Supervisors should exercise the strictest economy in the allowance of bills against the county and scrutinize all accounts as carefully as they do in their own private business.

ROBERT MORRISON, Chairman of Committee.

To the Grand Jury of Apache County, Arizona, at Feb. term District Court: Your Committee have done their duty the best that time will permit; have made an examination of the Sheriff's Office. We are unable to ascertain anything as to the office, as there is nothing in it that we can comprehend from such an investigation as we can make; but think that such investigation should be made in connection with the Treasurer's office, and the office of the Board of Supervisors and the minutes of their proceedings.

JAMES RICHIE, ROSALDO COLOMBO, E. D. JOHNSON, Committee.

The Committee on Probate Judge reported as follows: We the Committee appointed to examine into the office of Probate Judge, would respectfully report that said office is being conducted according to law, and everything connected with it is in good order and condition.

SERAFINO APONACA,

JOSE GARCIA, JAS. DELLURRAY, Committee.

The Committee on County Recorder's Office reported as follows:

We, the Committee on County Recorder's Office would report that we have examined said office and its working and find everything in good condition and the records being properly kept.

U. H. SCORSE, JOHN COSNOR, ROMAN LOPEZ, Committee.

The Committee on District Attorney reported as follows:

St. Johns, Feb. 9, 1888—Foreman of Grand Jury: Your Committee appointed to examine the office of District Attorney have completed their work. We find a good office; that the District Attorney has been provided with a good library which reflects credit on the County Commissioners in promptly supplying a long felt want.

JOSEPH HINSLEY, FRANCISCO BACA, CLEMENTE GUTIERREZ, Committee.

The Grand Jury would report that our county jail is utterly unsafe and insecure in which to keep persons and we would earnestly urge that the new jail be pushed to completion as rapidly as possible.

It is recommended by us that our clerk Robert E. Morrison and interpreter Joseph Hinsley be allowed additional pay, for extra services rendered, during the session of the Grand Jury.

In closing our report we desire to return our sincere thanks to his Honor the Honorable Sumner Howard, for the courteous and dignified manner in which we have been received by him and also for the valuable instructions given us for our guidance.

We also wish to thank our untiring District Attorney and also his genial intelligent assistant Mr. Bunch, for the great and valuable assistance rendered us in discovering crime and fraud in this county.

And now having disposed of all the business brought before us and thanking all who have rendered us any assistance we ask to be discharged as Grand Jurors.

SOL. BARTH, Foreman.

ROBT. E. MORRISON, Clerk.

Our meat market is supplied with beef that would make a good record for any stall in New York Fulton Market. The Stock Exchange Hotel will serve it out on their tables for the next few days.

Hildreth, the photographer, from Flagstaff, has been doing some elegant work this week. Looking at his specimens yesterday convinces us that "you don't have to" go to San Francisco, Los Angeles or Albuquerque for perfection in photography.

One of the most refined and elegant entertainments was given by the St. Johns Minstrel Club on last Saturday evening, at the new school house on the hill. The house was filled with an appreciative audience, and the satisfaction depicted on every countenance was unmistakable. We have seen most all the delineators of negro characters from Eph Horn to Billy Birch, and yet we were made happy at the Boys Show.
